

Social Emotional Learning

Social and behavioral skills instruction is a part of each child's educational program at WISH. Our comprehensive curriculum addresses kindness, digital citizenship, problem-solving, being an upstander, caring, belonging, identifying feelings, and creating safe classrooms and playgrounds. and responsive schools. The entire WISH community teaches and supports positive behaviors that demonstrate respect, cooperation, responsibility, and compassion. Social emotional learning and behavior instruction also include teaching the school rules to ensure all teachers and students can support our positive school culture.

**RULER program
from Yale University:
Classroom Charter,
Mood Meter,
Meta Moment,
Blueprint**
